

# Sta Kill

**Sta-Kill Biocidal Cleaner and Deodorise**

**Neutral PH**

**May Safely Be Used On All Surfaces**

**Product code**

**1221**

## USES

Formulated with a combination of powerful non oxidising biocides that have proven efficacy against a wide range of bacteria, fungi, algae and enveloped viruses.

Sta-Kill's performance is especially evident in the presence of hard water and organic soiling where most other products fail and when tested to EN1276.

Sta-Kill also contains urine stain neutralising agents and is the professional's choice for eradicating malodours from urine, vomit, mildew, smoke, cooking and pet odours.

pH in use

## DIRECTIONS

**APPLICATION:** Spray affected areas with a fine mist when treating carpets, upholstery bedding. Car & caravan interiors etc. May also be use in conjunction with damp mopping or cleaning tiled floors & work surfaces.

On severe pet odours please note that it may be necessary to treat carpet underlays & backings of carpets as well as the surface fibres.

Spray stained area & blot out using absorbent tissues. For old stains spray & leave for 3-4 minutes before cleaning.
