

Prochem Extraction Plus

Low foam carpet cleaning concentrate for hot water carpet soil extraction machines.

Clear and stable at high temperatures.

Free rinsing, anti-resoiling formula.

**Product code
2513**

USES

Extraction Plus is specially formulated for use in hot water carpet soil extraction machines, for use on most types of carpets, subject to proper pretesting as directed.

DIRECTIONS

APPLICATION:

Portable machines: Mix 100ml of Extraction Plus per 10 litres of hot water (1 to 100) in the machine solution tank.

Truck-mount units: Mix 1 litre of Extraction Plus with 4 litres of water to make metering concentrate. Set flow meter at 2 to 4 GPH.

Always pretest carpet for colour fastness with diluted solution before proceeding. Wool carpets and those with unstable dyes should be tested and extraction rinsed with B109 Fibre & Fabric Rinse according to label directions.

Apply S709 Multi Pro to all heavily soiled areas, according to label directions.

In case of foam from previous shampoo, add S760 Liquid Defoamer according to label instructions.
