

Prochem Fine Fabric Detergent

Low foam carpet cleaning concentrate for hot water carpet soil extraction machines.

Clear and stable at high temperatures.

Free rinsing, anti-resoiling formula.

**Product code
B106**

USES

Prochem Fine Fabric Detergent is a new technology advanced formulation for professional extraction cleaning of wet-cleanable upholstery fabrics, delicate fibres and rugs. Fine Fabric Detergent will help to remove surface oils and binding soils. WOOLSAFE approved maintenance product for wool carpets and rugs.

DIRECTIONS

APPLICATION:

Thoroughly dry vacuum fabric before wet cleaning, to remove all dry soil.

Portable Extractors: Dilute 15 ml of Fine Fabric Detergent per litre of warm to hot water (1 to 66) in the machine solution tank.

Truck mounts: Dilute 1 part Fine Fabric Detergent with 4 parts water and set meter at 2 to 4 GPH.

Always pretest fabric in an inconspicuous area with ready-to-use solution for colour fastness and possible colour or texture change before proceeding. If colours bleed or colour change occurs, test with B109 Fibre & Fabric Rinse and use accordingly. If texture change occurs or fabric is sensitive to water, dry clean only. Pre-spray heavily soiled areas with B107 Prespray Gold, then extraction clean using a fine jet upholstery tool, with even over-lapping strokes. Lightly spray fabric with B109 Fibre & Fabric Rinse solution according to label directions, then blot with clean white towel
