technical@jeyes.co.uk

Emergency Tel: +44 (0) 1842 757575

Container Size: 40 Wipes

PCS No.: 93775

Section 2 – Hazard Identification

This product is **UNCLASSIFIED** (under 1999/45/EC and amendments).

If liquid from wipe comes in contact with **eye**, may cause slight irritation.

Section 3 – Composition/information on Ingredients (of dosed liquid)

Ingredient	CAS No	EC No	Classification	Concentration
Ethanol	64-17-5	200-578-6	R11	5-15%
Alkyl Dimethyl Benzyl Ammonium Chloride	63449-41-2	264-151-6	R21/22-34-50	<5%

Section 4 – First Aid Measures

In case of **ingestion**, wash out mouth with water.

In case of **eye** contact, wash out eye thoroughly with plenty of water. Seek medical attention if any discomfort persists.

Section 5 – Fire Fighting Measures (for bulk quantity)

Fumes containing carbon dioxide and carbon monoxide may be given off in large fires if product water is driven off.

To extinguish fire, use powder, foam, sand or water spray.

Section 6 – Accidental Release Measures (for bulk quantity)

Contain spillage in suitable container(s) for examination and possible return to stock.

Unless packaging is broken, no eye or skin protection should be required.

If packaging is broken and continuous bulk handling necessary, then approved eye protection and gloves are recommended.

If disposal is required, adhere to local/national regulations/guidelines

Section 7 – Handling and Storage (for bulk quantity)

No specific handling conditions are suggested for the packed wipes other than those applied as best practice or specified by local working regulations.

Product should be stored at temperatures >4 °C and <30 °C.

Section 8 – Exposure Controls / Personal Protection (for bulk quantity)

Ethanol: UK EH40: OES 1000ppm (1920mg/m³) 8h TWA

If product packaging is undamaged then no special personal protective equipment should be required other than those applied as best practice or specified by local working regulations.

If packaging is broken and continuous bulk handling necessary, then approved eye protection and gloves are recommended.

Section 9 – Physical and Chemical Properties

Appearance: White non-woven applicator impregnated with water-like liquid.

Odour: Slight alcohol odour

Properties of the dosed liquid:

pH:	5.4-6.0
Relative density:	0.98-0.99 (@20 °C)
Water solubility:	soluble

Section 10 – Stability and Reactivity

Product is stable under normal storage and use conditions.

Section 11 – Toxicological Information

On contact with eye, liquid from wipe may cause slight irritation.

Section 12 – Ecological Information

Based on the ingredients, this product is not expected to be harmful to aquatic organisms or environment.

Section 13 – Disposal Considerations

Bulk:	Dispose of according to local/national waste regulations
Single pack/wipe:	Dispose of in normal household waste

Section 14 – Transport Information

This product is unclassified for road, sea or air transport under ADR, IMDG or IATA regulations respectively.

Section 15 – Regulatory Information

This product is **UNCLASSIFIED** under 1999/45/EC and amendments

Keep out of reach of children

Section 16 – Other Information

Risk Phrases from section 2:

R11	Highly flammable
R21/22	Harmful in contact with skin and if swallowed
R34	Causes burns
R50	Very toxic to aquatic organisms
