APPLE LOTION SOAP SOOTHING PEARLISED HAND SOAP

-  Rich Cleansing Lather
-  Everyday Hand Care
-  Bulk Dispenser Suitable

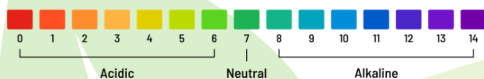

Description:

ProJanta Apple Lotion Soap 5L is a luxury, pearlised hand soap developed for everyday handwashing across a wide range of environments. Suitable for most bulk-fill dispensers, it produces a rich lather that helps cleanse hands thoroughly while leaving them feeling clean and refreshed after use. Its balanced pH and easy-rinsing formula make it well suited to regular use in commercial, public and workplace washrooms where dependable hand hygiene is important.

Supplied as a viscous green liquid with a characteristic apple fragrance, it offers an attractive and practical solution for routine hand care.

Directions:

Apple Lotion Soap should be used as part of a regular handwashing routine in washrooms and hygiene areas. Wet hands thoroughly, then apply the soap directly to the skin and work into a rich lather, washing for at least 20 seconds to ensure full coverage of the hands. Pay particular attention to the areas around the fingernails, using a clean nailbrush where necessary. Once cleansing is complete, rinse thoroughly with clean water and dry the hands fully.

Suitable for everyday use in most bulk-fill dispensers, the product is ideal for maintaining clean, refreshed hands in commercial, public and workplace environments.
