## SCRUB CLEAN UNIVERSAL SCRUBBER DRYER DETERGENT

-  Taint free
-  Non-foaming
-  Powerful Formula

## Description:

ProJanta Scrub Clean Universal is an efficient low foam scrubber dryer cleaner developed for powerful cleaning of concrete and industrial floors, both internally and externally. Formulated with a blend of naturally derived citrus solvent and specialised surfactants, it is designed to remove grease, oils and dirt effectively while also being described as safe for the user and the environment. Its low foam properties make it especially suitable for use in scrubber dryer machines, helping deliver reliable cleaning performance in demanding areas. Supplied as an orange, pleasant-smelling liquid, it is soluble and can be diluted with either cold or warm water, it offers a practical solution for regular industrial floor maintenance.

## Useful Information:

Product Code:	250518
Product Colour:	Orange
Product Fragrance:	Citrus Fruits
pH Level:	12 - 14

## Directions:

Scrub Clean Universal should be diluted with cold or warm water before use, typically at a rate of 1:50, and added directly to the clean water tank of a scrubber dryer machine. The product is designed for low-foam cleaning performance on concrete and industrial floors, making it suitable for both internal and external applications where grease, oils and dirt need to be removed effectively. Apply using the scrubber dryer as part of routine or heavy-duty floor cleaning operations, ensuring the solution is evenly distributed across the surface.

When handling and using the product, suitable protective gloves and eye protection should be worn. After use, keep the container tightly closed and store in a cool, well-ventilated area.
