ECO LOGIK HEAVY DUTY CLEANER

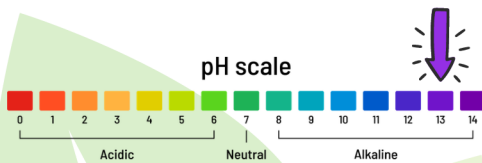

-  Powerful citrus cleaning
-  Cuts through greasy residues
-  Wide surface versatility

Description:

ECOLOGIK Heavy Duty Cleaner 5L is a fast-acting citrus-based cleaner and degreaser developed for powerful removal of stubborn dirt, grime and oily residues from a wide range of surfaces. Formulated with naturally derived citrus solvents, it effectively tackles diesel oil, food oils and fats, grease, tobacco film, body fat, mineral oils, rubber marks and traffic film, making it suitable for demanding cleaning tasks in busy commercial and industrial environments. It can be used on anti-slip floors, stainless steel, machinery, vehicles, work surfaces, vinyl, painted floors, ceramic tiles, plastics and concrete, offering excellent versatility across many applications.

Ideal for use in schools, offices, airports, factories, retail sites and hospitality venues, it combines strong cleaning performance with broad surface compatibility. Supplied as an orange, citrus-fragranced liquid with a concentrate pH of 12-14.

Useful Information:

Product Code:	CG05
Product Colour:	Orange
Product Fragrance:	Citrus
pH Level:	12 - 14

Directions:

Heavy Duty Cleaner should be pre-diluted with hot or cold water according to the level of soiling and the cleaning strength required. For light cleaning of maintained flooring, dilute at 1:200. For general everyday cleaning in high-traffic areas, use at 1:50 to 1:100 depending on the level of dirt present. For extremely heavy dirt and stubborn residues, the product may be used undiluted where appropriate. Apply the prepared solution to the surface and agitate with a mop head or suitable applicator until the soil is lifted, continuing until the area is clean and dry. Suitable for use on a wide range of surfaces including anti-slip floors, stainless steel, machinery, vehicles, work surfaces, vinyl, painted floors, ceramic tiles, plastics and concrete, making it ideal for demanding cleaning tasks across commercial, industrial and public environments.

When handling and using the product, suitable protective gloves and eye protection should be worn. After use, keep the container tightly closed and store in a cool, well-ventilated area.
