ECO LOGIK WASHING UP LIQUID

-  Long-lasting foam
-  Cuts through grease
-  Lemon fresh finish

Description:

ECOLOGIK Washing Up Liquid is a concentrated hand dishwashing detergent formulated to deliver extra cleaning power and long-lasting foam for everyday washing-up tasks. Its advanced blend of cleaning agents and lemon oils helps cut through grease effectively while providing a fresh, mild feel in use. Designed to leave glassware and crockery sparkling and grease-free, it is suitable for cleaning cutlery, utensils, worktops and a wide range of kitchen items and surfaces.

Compatible with aluminium, glass, stainless steel, vinyl, plastic, ceramic, wood and enamel, it offers excellent versatility for both domestic and commercial kitchen environments. Supplied as a yellow, water-soluble liquid with a concentrate pH of 6 - 8, it provides a practical and effective solution for routine dishwashing and general kitchen cleaning.

pH scale

Useful Information:

Product Code:	CG06 / CG07
Product Colour:	Yellow
Product Fragrance:	Lemon
pH Level:	6 - 8
Also available in:	1L, 5L

Directions:

Washing Up Liquid should be used as part of normal manual dishwashing routines to clean glassware, crockery, cutlery, utensils and washable kitchen worktops. Add the product to warm water and wash using a sponge, cloth or brush, allowing the long-lasting foam to help lift grease, food residues and general soiling effectively. Once cleaned, rinse thoroughly with clean water and allow items to drain or dry as required. Suitable for use on aluminium, glass, stainless steel, vinyl, plastic, ceramic, wood and enamel surfaces.

After use, keep the container tightly closed and store in a cool, well-ventilated area.
