## ECO LOGIK AIR FRESHENER SPRAY

- Ready to Use
- Neutralises Stale Odours
- Floral Fragrance

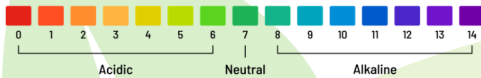

### Description:

ECOLOGIK Air Freshener 750ml is a ready-to-use air freshener developed to help neutralise unwanted odours while leaving behind a high-quality, long-lasting fragrance. Created with designer-inspired notes of peach, jasmine, ylang ylang, amber and musk, it delivers a sweet, pleasant aroma that helps freshen public and commercial spaces quickly and effectively. It is particularly useful for tackling stale or lingering odours, including stale tobacco, making it a practical choice for environments where atmosphere and presentation matter.

Ideal for hotels, nightclubs, department stores, theatres, cinemas, public buildings, nursing homes, cruise liners and ferries, it supports a cleaner, more welcoming environment for visitors and staff alike.

pH scale

### Useful Information:

Product Code:	CG12
Product Colour:	Clear
Product Fragrance:	Fruity & Floral
pH Level:	7

### Directions:

Air Freshener should be used undiluted to help neutralise unwanted odours and leave a pleasant, long-lasting fragrance in public and commercial areas. Spray into the corners of the room as required to freshen and condition the atmosphere, or apply directly onto entrance matting to help create a welcoming first impression. Suitable for use in hotels, nightclubs, department stores, theatres, cinemas, public buildings, nursing homes, cruise liners and ferries where effective odour control is needed.

When handling and using the product, suitable protective gloves and eye protection should be worn, and the product should be stored in a cool, well-ventilated area after use.
