

RINSI

MACHINE RINSE ADDITIVE

- Sparkling finish
- Prevents spots and hazing
- Cost-effective formula

USES

A rinse additive for all automatic dish and glass washing machines. Prevents spots and hazing on crockery and glassware, leaving a sparkling finish.

RINSI is mildly acidic to neutralise detergent deposits.

Suitable for use through automatic dosing equipment or by manual dosing.

DIRECTIONS

Feed into the machine through the automatic dosing system if one is fitted. Otherwise add to the rinse cycle at a dilution rate of 1 part RINSI to 600 parts of rinse water.

DILUTIONS

RINSI : WATER

1:600
